

SB-02-A

Technical Data

Solid surface (stone resin) is a composite of acrylic polymer and natural minerals. It has the feel and appearance of natural stone. Our products are manufactured to be eco-friendly and non-toxic. It is 100% non-porous so it is unaffected by external forces such as moisture and humidity. *(All of our basins do NOT come predrilled for faucet holes, but there is a mark on the back side to drill by yourself.)*

Equipment:

- High quality pop-up drain pre-installed for ease in installation

Material:	High quality solid surface (stone resin)
Color:	matte white (style A) glossy white (style B)
Dimensions:	580 x 430 x 860 mm
Border:	10 - 15 mm Surface: 100 mm
Weight:	45 kg
